

As this tune Finlandia is still copyright in some countries until 2027, I have been asked by the copyright holders to remove the music & scores from my sites.

I have complied with their request (June, 2015).

Dear Mr. McLennan,

We have noticed that you offer our title **Be still my soul (Finlandia)** by Jean Sibelius in various versions as well as some mp3 files for download on the website www.smallchurch.weebly.com (see attached examples). Breitkopf & Haertel is the original publisher of this composition by Jean Sibelius.

Most of Sibelius's works are in public domain in the United States and Canada, however, please note that they are still under copyright in most other countries until December 31, 2027 (i.e. 70 years p.m.a., also in Australia).

These works may not be distributed without permission of the original publisher in countries where Sibelius is still under copyright. However, your files are available via internet, i.e. worldwide. We would ask you to remove all PDF and mp3 files immediately.

Please send us written confirmation.

Sincerely yours,
Vivian Rehman
